

Anubis - Feature #26

No primitive to convert a WordXX to a decimal representation

10/18/2007 06:52 AM - Anonymous

Status:	Closed	Start date:	
Priority:	Low	Due date:

Target version:	1.8	Triage Stage:	
Platform:			
Resolution:	fixed		
Description			
Missing a <i>to_decimal()</i> primitive allowing to convert a [[WordXX]] type to its decimal representation (without any zero padding on its left, so a Word32 with a value of '23' will simply have the string '23' as representation).
